Valuable Medicines.

PUBLIC confidence has never been more liberally and firmly reposed, and perhaps in no instance more justly, than it appears in the efficacy of **HAMILTON'S WORM LOZENGES**, prepared and sold, wholesale and retail, by **Richard Lee, No. 56, Maiden-lane, New York.** And in Richmond, (only) at S. Pica's Print-ing-office.

The proprietor has lately presented to the public eye the testimony of the Hon. A. C. Hanson, Chancellor of Maryland, the Rev. Mr. Molther, and of other distinguished and respectable characters. The following cases, of more recent occurrence, are now respectfully submitted.

Copy of a letter from Mr. Henry Ackerman, Brick-layer, Magazine-street, near Broadway, Jan. 24, 1894.

Sir—It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm-Lozenges. I had been between five and six years past much indisposed, and latterly often tormented with severe griping and pains of the bowels, troubled with offensive breath, and with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The first dose evacuated twelve or thirteen feet of a tape-worm; two other doses were taken which brought away a quantity of matter like broken skins and pieces of worms. I suppose the tape worm, voided at different times must have exceeded forty feet.—The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelling a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health. I remain, Sir, yours, &c.

HENRY ACKERMAN.

"AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE."

Hahn's Anti-Bilious Pills.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age.

Hamilton's Elixir,

A sovereign remedy for Colds, Obsolete Coughs, Asthma, Sore Throats, and approaching Consumptions.

To Parents who may have children afflicted with

The Hooping Cough.

This discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorder to which children are liable. The Elixir is so perfectly agreeable, and the dose so small, that no difficulty arises in taking it. From **LUTHER MARTIN**, Esq. attorney general of the State of Maryland.

GENTLEMEN—I comply with your request in stating my opinion of Hamilton's Elixir. It has been used in my family for two or three years past with uniform success, whenever colds, coughs, or similar complaints have rendered medicine necessary. I have myself found it an excellent agreeable remedy for a very painful and troublesome affection of the breast, accompanied with foreboding, and with obstructed and difficult breathing.

On these accounts, I do not hesitate to recommend Hamilton's Elixir as a valuable medicine, and deserving public attention.

LUTHER MARTIN.

HAMILTON'S

Grand Restorative,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of the various complaints which result from dissipated pleasures—juvenile indiscretions—residence in climates unfavourable to the constitution—the immoderate use of tea—frequent intoxication, or any other destructive intemperance—the unskillful or extensive use of mercury—the diseases peculiar to females at a certain period of life—bad lying in, &c.

Hahn's true and genuine

German Corn Plaster,

An infallible remedy for corns, speedily removing them, root and branch without giving pain.

The Genuine Persian Lotion.

So celebrated among the fashionable throughout Europe, as an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellant minerals (the basis of other lotions) and of unparalleled efficacy in preventing and removing blemishes in the face and skin, of every kind—particularly freckles, pimples, inflammatory redness, furis, tetters, ring worms, sun burns, prickly heat, &c.—The Persian Lotion operates mildly, without impeding that natural, insensible perspiration, which is essential to health; yet its effects are speedy and permanent, rendering the skin delicately soft and clear, improving the complexion, and restoring the bloom of youth—never failing to render an ordinary countenance beautiful, and a handsome one more so.

The Restorative Powder for the Teeth and Gums.

HAHN'S GENUINE EYE WATER,

A sovereign remedy for all diseases of the eyes whether the effect be natural weakness or of accident, speedily removing inflammations, discharges of rheum, dimness, itching and films on the eye; never failing to cure those maladies which frequently succeed the small-pox, measles and fevers, and wonderfully strengthening to weak sight. Hundreds have experienced its excellent virtues when nearly deprived of sight.

Tooth-Ache Drops,

The only remedy yet discovered, which gives immediate and lasting relief in the most severe instances.

The Anodyne Elixir,

For the cure of every kind of head ache.

The Damask Lip-Salve.

For the cure of Agues, Remittant and Intermittent Fevers.

Thousands can testify their being cured by these Drops after the bark and every other medicine has proved ineffectual: not one in a hundred has had occasion to take more than one, and numbers not half a bottle.

The Sovereign Ointment for the Itch.

Which is warranted an infallible remedy at one application, and may be used with the most perfect safety by pregnant women, or on an infant a week old, not contain a particle of mercury or any dangerous ingredients whatever; and is not accompanied with that tormenting smart which attends the exhibition of other remedies.

For the cure of a certain deplorable Malady.

The Indian Vegetable Specific.

The Medicines prepared by Richard Lee, have been in high estimation and general use throughout the United States, for upwards of six years; many of them are sold for less than the drugs of which they are compounded could be purchased at a retail store.

It is no inconsiderable evidence of their utility, that during the above period, numerous imitations of every article (the production of ignorance and inexperience, urged by envy and penury) have intruded on the public, seen a day, and then perished; others now succeeded them, which in like manner are fast defending "to the tomb of the Capulets," while our remedies become more generally used and acquire a daily accession of well earned celebrity.

To prevent the imposition of worthless or dangerous preparations, purchasers are requested to remember, that an engraved label, with the signature of Richard Lee's (to counterfeit which is felony) is affixed to each of his genuine medicines.

Lee's Infallible Ague Drops.

Recent Cures. A child of Mr. William Lozier, grocer, corner of Hudson and Jay streets, was sick about five or six weeks with ague and fever, and in so violent a degree, as for the hot paroxysm to terminate frequently in most alarming convulsions. A variety of medicines, recommended by sympathizing neighbors, were administered, without alleviating the disease; at length hearing of the uniform efficacy of Lee's Ague Drops, a bottle was procured, of which three doses only were found necessary to perfect a cure. Five weeks have elapsed without any return of the complaint.

Mr. James Joyce, assessor in the warehouse of Mr. — Pearlfall, Pearlstreet, was severely afflicted with an intermittent; but after taking Lee's Ague Drops, was cured in two days. At the recommendation of Mr. Joyce, a friend, Mr. Terence Tely, who had suffered much from an obstinate intermittent upwards of a year (with few and trifling intervals) was cured by a few doses of the same medicine. At the recommendation of Mr. Joyce, a bottle was procured by M. P. Shooley, who was likewise harassed with an obstinate intermittent. A small portion completely removed every symptom of the complaint (which may surprise those who regard the bark as the only specific).—Four persons of Mr. Shooley's acquaintance was by the remaining part of this single phial, cured of the prevailing malady.

The above narrations may suffice to prove the usefulness of this medicine; but if the assertion of the proprietor, and the fact of an annual demand for several thousand bottles have any weight, the public will believe that this preparation has never failed effecting a cure, and may without feigning be termed **INFALLIBLE.**
